The shelling of Brussels, with the flight f thousands along the highways, was pictured. The surrendering ceremonies were impressive, as were the pictures of the German hosts riding through the streets of the captured city.

Slight applause followed the remark of the lecturer, John P. Wilson, when he introduced the picture "of probably the greatest man this war has produced," Albert. King of the Belgians.

The picture, as if to impress the audiwar, dwelt at length upon vast areas of ruined cities, with their demolished buildings destroyed completely by fire. A hush fell over the spectators when the wounded, grimacing in their terrible agony, were shown on their way to hospitals.

The entertainment was given under the uspices of The Herald and will be reeated this morning at 10 o'clock at the osmos Theater, when Superintendent of Schools E. L. Thurston, with his staff of teachers, will be the guests. The pic-
